

EUR ING Tariq Umar, PhD CEng, MICE, FHEA
Senior Lecturer in construction Project Management
University of the West of England, UK.
<https://people.uwe.ac.uk/Person/TariqUmar>

EUR ING Tariq Umar has completed his Ph.D. degree in construction management from London South Bank University and registered as a Chartered Civil Engineer (CEng) with Engineering Council UK. He has more than 18 years of international experience involving different positions in industry and academia. He is an approved mentor of the Institution of Civil Engineers and helping graduate engineers to become professionally qualified engineers. He is also serving as member of the editorial board/advisor/reviewer for several journals. His research interests include, but are not limited to, construction management, safety and health, engineering sustainability, construction materials, renewable energy, waste and resources management, and construction 4.0. Tariq is also a fellow of AdvanceHE (FHEA). The following links provide some greater insight to his research contributions and professional history.
